LE PLEIN AIR, NOTRE COEUR DE MÉTIER !

THE OUTDOORS AS OUR CORE BUSINESS

Entourés de lacs , de montagnes et de forêts, nous avons fait du plein air notre coeur de métier.

Grandir en s'amusant, et lorsque c'est possible à distance des écrans, pour renouer avec le plaisir de jouer dehors qu'il pleuve, qu'il vente ou qu'il neige. Venant d'une région où la nature est omniprésente, l'ADN de Falk était tout trouvé : fabriquer des jouets d'extérieur assez costauds pour résister aux enfants les plus intrépides !

Surrounded by lakes, mountains and forests, we made the outdoors our core business.

Growing up having fun, and when it is possible at a distance from the screens, to reconnect with the pleasure of playing outside that it rains, that it sells or that it snows. Coming from a region where nature is ubiquitous, Falk's DNA was all-out: making outdoor toys tough enough to withstand the most intrepid kids !

ON EST LÀ !
WE ARE HERE !

MADE IN FRANCE DEPUIS... TOUJOURS !
MADE IN FRANCE SINCE ... ALWAYS!

OYONNAX

Depuis ses origines Falk Toys relève le défi d'imaginer, concevoir et fabriquer ses jouets en France et plus particulièrement dans nos ateliers situés à Oyonnax en région Rhône-Alpes tout en travaillant avec des partenaires locaux dans le but de dynamiser l'activité économique de notre région. A ce titre, Falk arbore aujourd'hui fièrement le label Origin'Ain concrétisation d'une démarche initiée il y a plus de 70 ans !

Since its origins, Falk Toys has taken up the challenge of imagining, designing and manufacturing its toys in France and more particularly in our workshops located in Oyonnax in the Rhône-Alpes region while working with local partners to boost the economic activity of the region. our region. As such, today Falk proudly displays the label Origin'Ain concretisation of a process initiated more than 70 years ago !

UNE HISTOIRE DE FAMILLE DEPUIS 3 GÉNÉRATIONS

A FAMILY STORY FOR 3 GENERATIONS!

Falk tient son origine de Falquet, nom de famille de Maurice Falquet, fondateur de la marque Falk Toys en 1947.

Son neveu Didier Sogno le rejoindra en 1970 comme directeur commercial et prendra sa succession en 2002 avec pour mission de développer la présence de Falk à l'international. Le fils de Didier Sogno, Yvain intègre quant à lui l'entreprise en 2007 pour en prendre finalement la direction en 2014. Il modernisera et rationalisera l'outil de production comme la gamme de produits en développant le partenariat avec les fabricants de véhicules !

Falk's origins lie in Falquet, the family name of Maurice Falquet, founder of the Falk Toys brand in 1947.

His nephew Didier Sogno joined him in 1970 as commercial director and took over in 2002 with the mission of developing Falk's presence internationally. Didier Sogno son, Yvain integrated into the company in 2007 to finally take the lead in 2014. It will modernize and streamline the production tool as the product range by developing the partnership with vehicle manufacturers !

GRANDIR AVEC FALK

GROW UP WITH FALK

Falk accompagne votre enfant dans le développement de ses nouvelles capacités tout en s'amusant !

Au cours de ses 3 premières années, l'enfant va développer ses capacités psychomotrices.

Marcher, courir, pousser, pédaler sont des activités qui vont permettre à votre enfant de développer sa motricité globale, pré-requis fondamental pour le développement de la psychomotricité fine et plus tard pour l'apprentissage scolaire.

Des véhicules comme les vrais pour se mettre en scène dans le monde des grands !

Progressivement, imiter permet à votre enfant de reproduire ce qu'il voit, développer sa capacité à symboliser et s'incarner dans une représentation sociale.

Faire comme les grands pour devenir grand.

Falk accompanies your child in the development of his new abilities while having fun!

During his first 3 years, the child will develop his psychomotor abilities.

Walking, running, pushing, pedaling are activities that will allow your child to develop his gross motor skills, a fundamental for the development of fine psychomotricity and later for learning at school.

Vehicles like the real ones to take the stage in the adults world !

Gradually, imitating allows your child to reproduce what they see, develop their ability to symbolize and incarnate in a social representation.

Do as «the older ones», to become bigger.

UNLIMITED PLAYGROUND

Des véhicules sans batteries, pour la planète et leur santé.

Un choix éthique, pour leur santé, parce que nous pensons que l'enfance est faite pour se dépenser, courir, pédaler, sauter dans les flaques, se salir et se construire des souvenirs impérissables en étant acteur de son propre jeu.

Un choix pour la planète également, car la nature est un terrain de jeu magnifique, autant la préserver en limitant notre impact écologique. Pour toutes ces raisons, nous avons fait le choix de ne pas avoir recours à l'usage de batteries pour nos jouets.

vehicles without batteries, for the planet and their health.

An ethical choice, for children's health, because we believe that childhood is made for being active, running, pedalling, jumping in puddles and getting dirty so that children build lifelong memories whilst playing.

A choice for the planet too, as nature is a magnificent playground, which we can help to preserve by limiting our environmental impact. For all these reasons, we have chosen not to use batteries in our toys.

LE SAIS-TU?
DO YOU KNOW?

Entre 1 et 3 ans, le développement de la motricité globale (marcher, s'asseoir, ramper) aide au développement de la motricité fine (manipulation précise des objets).

Between 1 and 3 years, the development of gross motor skills (walking, sitting, crawling) helps develop fine motor skills (precise manipulation of objects).

**LE SAIS-TU ?
DO YOU KNOW ?**

Pour construire une maison, il faut tout d'abord creuser un énorme trou. C'est le travail du tractopelle qui extrait la terre avec son excavatrice arrière puis la déplace avec son chargeur avant.

To build a house, you first have to dig a huge hole. It is the work of the backhoe loader that pulls the soil with its back excavator and then moves it with its front loader.
